FREEDMEN'S BUREAU PRESERVATION PROJECT**

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog*. INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfiled records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported to General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, disease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.¹ Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."²

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.³

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various ailments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.⁴

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from \$2 to \$7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.⁵

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of crops, Tillson instructed his officers to secure contracts paying men \$12-\$13 per month, and \$8-\$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and southwestern Georgia, where "good crops" could be raised, men were to be paid \$15 per month, including board and lodging, and women \$10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."⁶

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381 orders for transportation for some 2,947 men and 1,013 children.⁷

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed \$50, or the punishment did not exceed \$50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.⁸

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.⁹

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during its first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to take on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.¹⁰

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some \$21,000 for state superintendents' salaries, the Act made available \$500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly \$105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional \$10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.¹¹

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

Ruman, Refugee, Freedmen, and Landward Lands
Office Sub-Commissioner Dist. Macon
Macon Ga. December 7. 1865.

Captain W. W. Deane,
Act. Asst. General

Captain
I have the honor to report that I have arrived
at this Post and assumed charge of the Bureau.

I am, Captain, Very respectfully,
Yours, &c., &c., &c.,
John A. Lambart
Act. Asst. General, &c., &c.,
Sub-Commissioner Dist. Macon.

Ruman, Refugee, Freedmen and Landward Lands
Office, Act. Sub-Comm. for Dist. of Macon
Macon Ga. December 11. 1865.

Captain W. W. Deane,
Act. Asst. General

Captain
I have the honor to acknowledge the receipt of a communication
of the 6th inst. through Major Wm. Gray, Inspector de Reprimanding me for
carelessness, and remission in the discharge of my duties, while in the Office
of the Act. Commissioner, and would most respectfully state that all letters
of appointment made out up to the time of my turning over my duties to
you were duly issued by me, immediately upon being made out, with an
accompanying letter and copies of Circulars 2, 3, and 4. The Chief Clerk
Gray will also state that, as he made off each appointment he made, in red
ink (N) and did not again make out any until the morning before I left
when I had turned over the Office to you, with a full (and as you led me to
suppose) an induction & explanation of the rough record I had kept,
waiting until further advancement of the labor would enable me to
produce a more finished record.

The appointments issued by me (twenty-four, I think) were when
the Post town was known - forwarded immediately - Eighteen letters - where the
County only was known - were delayed for transmission to Col. Mos and his

receipt filed in the left hand upper pigeon hole of the desk then occupied by me -

I left no letter of appointment, made out, and lying away in my desk, unless it be one, which I considered too much blotted to issue, and had substituted another, forgetting, probably, to destroy it -

The list, from which the appointments were made out contained all names, whose nominations I had recommended or received, ~~with~~ with the exception of two or three, which were handed me the day before I left, and which I explained to you would be answered by forwarding the actual appointments, instead of the promise as hitherto.

Many nominations, I never saw, having received by you as the Officer in Charge of the Office and answered by you on May Day and filed as opportunity offered - I requested both yourself and May Day to enter such cases upon my list, and supposed that you had invariably done so -

I cannot express to the Sect. Com. my mortification and regret as the cause represented & administered this May Day, and cannot but suppose that it was based upon misrepresentation, as my experience as a Staff Officer has taught me the manner in which Staff Officers will proceed - often through threat, - upon the acts of a predecessor in this immediate station.

I enclose Communication of Mr. Luckie, and Mr. Fenwick accepting, positions as Agent of this Bureau for this respective Counties, which belong to the files of your Office -

I am, Capt. Very respectfully,

Your obedt. Servt.

Captain

I have the honor to report that no steps have been taken in this locality for the adjoining Counties relative to taking

a Census of the Colored Population -

Unit. Barney consented with the Civil Authorities as to its feasibility, and the best means to be used, and came to the conclusion with them, that it was impracticable as the Masterman, finding himself so closely "looked-up" would use every means possible to evade the necessary inquiries, shifting his locality, changing his name &c -

I, myself, think it an endless task and that of no way to attempt it: Other than keep buying some of the leading Colored Men to assist the Officer charged with that duty, for this, I shall require funds, and special instructions -

Your obedt. Servt.

Captain

No suitable person has yet presented himself for appointment as Agent of the Bureau for this locality, nor can I - with such exigencies as I have been enabled to make find such person -

I would respectfully recommend that this appointment be not made, as the duty can much more satisfactorily be performed by the Bureau, than by any Citizen Agent, and in so doing will establish precedent in matters of contract &c that will in a great measure dictate a course to the Agents in adjoining Counties -

I observe, that particularly in Country Districts there is a strong disposition on part of the Planters to contract with the Freedmen for unsufficient remuneration taking advantage of the ignorance of them, who have not yet learned the value of their own labor. They seldom get more than eight dollars a month by I have no doubt ~~less~~ ^{less} than that in many instances. Cases have come to my notice, where Planters volunteered to make

the testimony of the Corral Master, "Capt Walker" (late U.S.A.) the boy was thrown in to jail without trial, and is probably still lying there. As nothing can be heard of him, and his family now, who are highly respectable are naturally much distressed about him. I have determined to call the attention of the Asst. Comd. to the case recommend what steps be taken to assure him the justice that appears to be denied him by the civil authorities.

I have the honor to acknowledge the receipt of your communication of the 13th inst directing an immediate census of the colored population in this vicinity, and hope to have that duly performed so far as practicable by Thursday next 21st inst.

The small pox is raging to such an extent that it is somewhat difficult to find enlisted men to go among the colored people for this purpose. as Circular No 2 and your order of the 13th inst render imperative.

Captain

I have the honor to call the attention of the Acty Sub Comd to a species of "religious intolerance" practiced towards the Negro in this State.

It appears that some time since - the Methodist Episcopal Church of this County to which the Negroes principally belong - broke up into two parties, known generally as the Northern and Southern Methodist Episcopal Churches. There is also, a third, known as the African Methodist Episcopal - Each of these branches has an individual and separate Government.

From the statement of some of the Colored Church members of the church in this town who are men of that intelligence and independent honesty of purpose sometimes to be found in the Negroes, I learn that the Colored people have for a length of time possessed and supported their Church building, having titles in the hands of White trustees. Now however that the law of the land admits of Colored people holding property in their own right, they are naturally anxious to obtain their titles and for that purpose have submitted a memorial, a copy of which I enclose - to the conference of the Southern Church.

The trustees holding these titles, however will not deliver them up, unless the Colored Church will judge them to remain in the jurisdiction of the Southern branch.

This the Freedmen consider an infringement of their religious liberty, and having refused are consequently now on the eve of being turned out of their church, a fall which I understand has befallen the colored churches at Savannah.

The Freedmen flock to me for advice and support which I am powerless to give, as the case is totally without precedent to me. So I merely advised them to hold on to their building until legal steps were taken to eject them and that in the mean time I would submit the case to the Acty Sub Comd for the State.

Sir

In the "City Column" of your edition of the 7th inst I observe under the heading of "Conflict of Authority" the following paragraph viz "In the examination before the Mayor these facts were stated when his Honor waived further examination before the Mayor until Pelynum could see Henry and remanded him to the Guard house, on the way there, Shea anemore told was accosted by an officer of the Treatment Bureau and soundly beaten and cursed for his treatment of the Negro - On Complaint being made to the Mayor he at once called on Post Commandant Dawson, who promptly promised investigation of the matter"

As upon careful investigation, I find that no officer nor employee in my command spoke to Shea on that subject in any manner much less in the improper language attributed, I have the honor to request that you will notify me of your informant, with a view to his being brought to account for his malicious falsehood. I am, Sir, very respectfully,

I have not yet found a suitable person for Agent in this Town, nor does it seem to be considered a desirable position - I am getting up a case of report against the Mayor of Macon on the subject of which I spoke to Genl Nelson and others. which I will soon forward.

I would respectfully request the appointment of H.P. Lykes Esq^r as Agent of the Bureau for Twiggs Co. There are no Agents in that county - nor any county that requires them more -

Genl Barney is to write to me. I caused him to send a return of his money account to Capt Deane explaining how the amount came into his possession which was as follows viz.

Some shanties belonging to the Bureau had to be removed or destroyed from small pox infection and Genl Barney permitted a Mr Collins to remove it for an indemnity of one hundred dollars which was a much gain to the Bureau. Do I not draw commutation or quarters with my brevet rank?

With the most diligent enquiry I find it impossible to find a resident of this place either desirous of or fitting the position of an Agent of the Bureau for this important point.

In view of the approaching winter out of the Regts in this vicinity to which my assistants belong, it is important that an Agent should be appointed immediately and as no resident can be found, I would request the appointment of Mr G. D. Murre who is evidently qualified to fill the appointment. Mr Murre is an Ohio Man, but has resided much in different parts of the South.

I very strongly recommend the appointment and respectfully urge its being made without delay.

This order has caused great dissatisfaction and consternation in this locality, as the planters declare that the land cannot stand it, and that a panic will ensue. Persons Refused to be taken into the

Macon Ga. Jan 31st 1866

Captain

I have the honor to forward my
report of funds for the month of
Jan 1866

The sum of \$1000 herewith enclosed
was obtained under the following circumstances

My understanding from the Sub. Dist
Commander that the buildings in the
vicinity of the Brewery about to be vacated
as a small *Red* Hospital, by the Common
Council of Macon Ga would have to be
immediately removed or destroyed as a
dangerous nuisance to the neighborhood and
that it was meditated destroying them by
fire and further understanding that said
property had belonged to the so called con-
federate Government and was not now taken
up on any Government officer papers. I took
the responsibility upon the Council of Macon
with the District and Sub. Dist. Commanders
of committing the property to be removed
by Mr. *Sam'l* Justice, a highly respected
and loyal citizen of this town for a consid-
eration of \$5.00 to be paid into the Bureau
Subsequently learning that the
building contained a damaged boiler and
other portions of machinery - a fact well known
to both parties at time of contract I dem-
anded a further sum of \$3.00 thus making
in all a sum of \$8.00 which I herewith
forward, and for which I respectfully request
a receipt be sent me for Mr. Justice to replace
that already given by me

Knowing that I have no authority to dis-
pose of property, yet in a case such as this
I thought it best to prompt action to secure
the money to the Bureau than to permit

the property & a loss to the Government
Harm & secured this unexpected
sum to the Bureau, I would earnestly request
that a portion of it be returned to fund for
distribution to the poor Refugees principally
White women who in great numbers are in a
destitution abound in this locality. They are for
the most part very sickly, and utterly desti-
tute of ^{any} these necessities of life. The Major
refuses to assist them, being non Residents
and instances have occurred where they have
died in the street.

Through the kindness and charity of
 Bot Bot Genl Lawson who gave me the
 refuse of his late Camp, I have been enabled
 to realize a small sum for this purpose, but
 that will be soon exhausted and then my poor
 pensioners will be more destitute than ever
 As I send funds monthly which is
 equivalent to sending them on receipt and
 as I cannot be permitted to make distri-
 butions. I presume it will be necessary
 for me to make returns to Washington
 if however such is necessary. Please give
 me very definite instructions as to where
 when and on what plan.

Enclosed please find an official copy of a communication returned to the County Officer of the District from the Depart. Commander as you will perceive it has forwarded through an informal channel as I indicate that appeals from my decision should come through me. It is evident in this case the evil results of this continued interference on part of Col Lewis as the case was improperly and without explanation laid before the Maj. Gen. Commanding and has subsequently drawn composed the arrangements of the Sheriff in this locality established upon personal consultation with the West. Com. and made by him and myself with the West. Legislature and the local Authority. The District Com. upon receiving the endorsement of Gen. Sherman served it as an order upon the Civil Authority whereupon the Judge of the Superior Court intimated to resign his seat on the Bench. The Mayor of Macon releases all prisoners of his as illegally held and proceeds to discharge the City Police leaving me in the midst of infernal turmoil the sole and rather feeble ^{guardian} of the peace of the community.

I wrote to the Mayor on the subject and enclosed a copy of my letter to which he has decided to abide until such time as the further orders of the Depart. I trust that the case may be decided in accordance with my instructions to the Mayor as I believe it to be for the best interests of the community. I can always take up an appeal from the Mayor.

Sir

I have the honor to report the following conduct of a soldier to your order and discipline as part of the 10th Vol. Regt. Cavalry, 1st Div. U.S. Army, who was on duty in this District.

It appears that the Division of Capt. S. H. Wood, 1st Sub. West. Com. of R. T. & A. is the base of U.S. Cavalry and that he is in charge of Cavalry in a freedman, was not well satisfied with the latter who was ill and it proper to grant a furlough of his name in the matter, regarding this affair has a verbal conversation, and still continues to be in the presence of a 1st Sub. and Enlisted Man of the Cavalry, use the most abusive and disrespectful language, and the Bureau of Refugees Freedmen & Land Service in Authority.

of the U. S. Grant, and yesterday, in my hearing and in presence of several legislators and officers made use of sundry, abusive language, such as "D— & such a lot" — as the "Friedmanns' Case", if that's fair justice, I want none of it, "D— & such a lot" are words of that kind. He then that he allude to the Thomas case, and dening a Brother Officer, I affixed an explanation of that case in the hope of reconciling the false piece of the matter, but my explanation was violently disclaimed & then, requested him to retract his expressions relating to the Bureau, which I was chief, this he violently refused to do, saying in so loud a tone as to attract general attention on the U. S. G., I have said nothing but Lambert about you and your Bureau that I mean to take back —

The effect of this open abuse of a not too popular Authority by an Officer in the service of the U. S. was speedily shared by a ~~letter~~ enclosing "If I was sentenced by the Friedmanns' Bureau, I'd like to know who reported me and the man who tried me — or something to that effect —

Such conduct as this on part of a U. S. Officer is totally subversive of all Discipline, and dangerous to the good repute of the Government. He then has been, when many are so ready to impute them.

So far as my immediate Charge is concerned I can only appeal to the District Court records for perjury, and request that steps be taken to compel Ensign Center to retract his abusive and unbecoming remarks, and Discontinue for the future his power of violent accusation of commanding U. S. Authorities of superior rank and power to him.

when Freedmen, when in a state of slavery before

I have brought to my notice three old negro women that are entirely helpless and have no children to support them or anything to go upon. One of them is now supported by a citizen of the village and who has never owned a slave it is not just that he should support her any longer. I wish to have her taken & placed in a hospital. Will you give me some directions for these three cases.

Some of these negroes have young children living in town city. Is my authority or my duties changed by the late Proclamation of the President. I would let me hear from you

I have the honor in accordance with requirements of Circular Order No. 10 Office A.S.W. Comm State of Georgia dated Augusta Ga Apr 9 1866. to report the fact that a deputy Sheriff from Jones Co Ga with two men as posse took a prisoner from the Jail in this place a female about 17 years old slightly built and emaciated from having the small pox, and led her through the streets with a rope around her neck dragging her most of the time, after crossing the river the Deputy mounted still leading the woman behind the horse by the rope around her neck a crowd of negroes collected along the road, and the Deputy becoming alarmed for fear a rescue would be attempted took her on the horse behind him and made off with her. The negroes are now being tried and will have justice done them I believe but the way of transporting a weak female 15 miles on a hot day seemed so barbarous I felt compelled to report the fact and ask for instructions. No action has yet been taken by me in the matter as the General Assembly is now in session in this County. I forward copy of Macon Telegraph of this morning

I have the honor in obedience to requirements circular No 6 Series of 1866 from your Office to report the following facts. Belia Dunn a Freedwoman called upon me and stated under oath that she lives with Williams Minchen in Bibb Co Ga that they in consequence of having it in their contract that they should have every Saturday Evening stoppage work on Saturday Evening last and refused to go to the field and that upon her husband Calvin Dunn refusing Henry P. Minchen son of Mr Minchen shot at him and shot her in the arm and him in the breast, that he afterwards shot at Calvin 11 times with a revolver 5 balls taking effect 3 in his head, and he was not expected to live but not yet dead. I at once informed the magistrates of the fact but the woman having no money they would not issue a warrant. I then saw Judge Cole of the Superior Court who immediately issued a warrant for the man and ordered the sheriff to arrest him at once. The Judge asked me if I would write to the Office of the Bureau at Albany, where he was supposed to have gone for information of his whereabouts, as he doubted the reliability of any information he could get from the civil

authorities, I at once wrote to St Strong Post St Col Edge being in this city upon his com asking him to arrest the party if he saw them and report the fact of his arrest to me. Judge Cole seems anxious to arrest the parties and in Justice done the Freedman, I delayed until now reporting, to hear the success of the Sheriff, he has not succeeded in arresting the parties up to this time as the man left home on Sunday morning on the car towards Albany where he has an Uncle living. Every measure has been taken that could be to secure the party.

Capt. I have the honor to report the following facts. W. Freedman Dave Gustman called upon me and made a statement that he saw a white man named Calvin Brown shoot a freedman named Ben Lyons dead. And that after that John Sparrow & Patrick McGuff gave the said Dave Gustman twenty five dollars to go away and not give evidence before the coroners jury which he agreed to do but still went before the jury and swore he saw the man shoot the freedman and saw him fall. The jury brought in a verdict of killed by some persons unknown. I had notice late last evening that ~~the~~ man who murdered the freedman was in Macon and would leave in the cars to Atlanta, not having time to get out a warrant. I sent to the cars to arrest the parties and succeeded in arresting Patrick McGuff only whom I placed under bonds in 500 \$ to appear before any tribunal he was called upon to appear before. It appears that some serious injustice has been done and I felt bound to act as I have in the matter and report the case. I respectfully ask for further instructions. I shall still take measures to arrest the parties. I have the honor to enclose the evidence taken here.

it will cost to take down and put up the small

large buildings containing 11500 ft of lumber 30¢
Town will move them for 2¢ per thousand feet.

to move the necessary number of buildings a little
over 2000¢. I think the estimate low
In regard to the land I have not yet heard from

I have the honor to report that since transmitting papers and endorsement relating to Cotton of R.R. Wimberly I have found and seized two bales from his plantation which I hold until further orders and also give statement of Saml. Boynton who avers that he bought said cotton of R.R. Wimberly, he also states that R.R. Wimberly has spent (being his Guardian) almost the whole of his property which ought to be sold, and that he promises the hands to see them paid out of the proceeds of the mortgages he holds in place and stock of R.R. Wimberly, a proportion of their wages but if the two bales of cotton seized are sold he will consider that he has done with them that he let Wimberly have eight bales of cotton in purpose to pay his hands and that he collected the money and has not paid them and squandered the money, he did not take the cotton with an intention of cheating the hands but to prevent other creditors from getting what he considered his and which they would have taken and left the hands worse off than they are likely to be now. he also states that Wimberly has promised him to borrow money to pay the hands

Henry Poole and 39 other freedmen
with J. B. Poole Macon Ga Ga for the part of crop and found
they stat that since Poole cut down their fodder to feed his stock
promising to give to them its value at the expiration of the year - since
then Poole died and his step brother Doc Mason carried on his
business and made 65 bales of cotton giving them 16 and refused
to give them the value of their forage then Henry and the others
(over)

placed their business in the hands of a Lawyer Jesse Thompson of Fort Valley to get their claim who sold their cotton for them only giving them 196 dollars and kept the balance as payment for his service and to 425 telling them that he could not settle the balance of the business until a year from death of Mr Foster. thereby deceiving them as he told them he could settle the matter at once until he got their money the Lawyer has taken an extravagant fee and the men are left destitute and knowing exactly how to manage the case I have the honor to refer to you for instructions -

I have the honor to report that in obedience to endorsement for office and Bureau State of Ga. I have visited G. Chalon and find that no additional evidence can be had in regard to the case of John Fincher the efforts of W. T. C. Brannon Capt. of Bureau R. L. & A. L. who was then counsel to acquit him was such that he had all the evidence that could be had. which he forwarded to your Office with letters of least certificate several of the most important of which could not be got at. as they have since left the country and you to Mississippi. some time since I made an investigation into the case of Fincher living with two women and some what I learned there and at G. Chalon I can not think he was living with them back as wives one of them being described by her husband and he was taking care of her she was a relative of his wife. former evidence of John Bailey Secretary of G. E. R. A. Fincher was to receive \$400 salary as her President of the association but was never paid any of the money. Bailey knows nothing further in the case.

You are expected to proceed to the place designated and distribute the supplies in person.

The best way in my opinion for you to get the supplies to the other counties in your district will be by river provided you can hire the necessary transportation (in Fulton) having the supplies for Wilkes Co. at Athens and Telfair at Swains then if it is not practicable to get up the Oconee to Mt Vernon, and from there by wagon. My dear friend,
I have just received your letter of the 10th inst. and am
glad to hear from you. I am well and hope this
letter finds you the same. I have been thinking
much of late about the future of our country and
the state of our Union. I feel that we are in a
critical position and that the result of the
present contest will determine whether we are to
remain a united people or become a collection of
warring states. I believe that the only way to
preserve our Union is by maintaining the principles
of liberty and justice for all.

I have the honor to report that a citizen (John C. Hamlin) of Bibb County, was killed by three freedmen John Saml & George Preston as alleged. a few days since John Preston with the others came to this office bringing a broken gun and stated under oath that John C. Hamlin had made an assault upon them with it I wrote an order for Hamlin to appear but in consequence of his injuries received from the Preston was unable to do so he has since died. the Prestons were arrested by the Civil authorities and brought before Alderman Barnett of this place, and by the advice of their Council Col. Himes. I agreed to allow them to have a preliminary trial and be bound over on the third Monday in November. I at once notified Hamlin's friends not to dispose of any of the crop until the Negroes were paid their wages as they need what is coming to them to employ good counsel. the State is obliged to furnish counsel. I am aware but there can be quite a dangerous one and they can only get experienced counsel by paying for it therefore I acted as I did. I therefore respectfully request your approval of my collecting from Hamlin's friends their wages without the year delay authorized by law.

I have the honor in obedience to endorsement from Office Asst. Comr. State of Ga. dated Nov. 9th 1867 to report that I have visited Sandsville and find that there are Warrants issued by the Civil Authorities both for Mr. Oxford for a murder committed in June or July 1865, and for James Oxford for the recent murder of George a freedman. I also saw the Sheriff of the County who stated that he had authorized the men to go and assist in the capture of Oxford who was a desperate character but owing to the election being in progress he turned over the Warrant to his deputy Jesse Pounds who states that he overtook the party of freedmen going out there, that after overtaking them they proceeded to Oxford's house, where the freedmen did not to his knowledge say anything insulting or in any way calculated to alarm Oxford's family, that his firm belief is that the freedmen only intended to assist him in the execution of his warrant and not to proceed in any unlawful manner. some one or two shots were fired, after leaving he cautioned them not to shoot near persons houses and they replied "they would not" they then went to Green Brantley's and it being dark some of the freedmen fired a shot or two and called to notify a party who had taken another direction and were trying to find them but did nothing there with a view of intimidating any of his family. Henry Mayner a citizen who was with him gives substantially the same testimony. John Foster and Jim Kelly freedmen testify that by the advice of the Agent of the Bureau & request of the Sheriff they called

a party of what they considered good men, to go with the Sheriff's Deputy as Oxford said that he would die before he would allow himself to be taken and it was supposed he and his brother would show fight that they went with no other intention than to arrest the Sheriff, and made no threat to Oxford family, of burning Cotton or in any other way, that the firing was to let the other party that had divided from them in charge of Jim Neil, know when they were so as to come to them.

I can see no reason whatever for alarm by the people of the neighborhood, as I believe the freedmen wished to act in a lawful manner and the slight dissension was only caused by want of knowledge, not from any intention of harm. I would respectfully suggest that the Executive be requested to offer a reward for the perpetrator of Murder.

I enclose decision with which upon seeing the hands I concur. I also enclose statement of settlement by which it will be seen that there is nothing coming to the freedman by the contract which is a perfectly fair one although not approved. and if according to the provision of the Bureau Battle is charged 10 dollars per month for their services the other hands will not get their wages. Crocker for a guard but it was not furnished. on the next day two warrants were issued from Justice Perkins of that county and a party went to arrest the Negroes and could not find them. (Ben & Jack) who had come to town for assistance but arrested the old man Joe. afterwards releasing him. the parties were accused before Lieut. Crocker as in paper No. 2 who sent a party and arrested them when I found they were acting under legal warrants but I had them bound over to appear at the next term of the Superior Court of Monroe Co. to answer to such charges as might be brought for the manner of the arrest. the 2 Negroes Ben & Jack were tried by the Civil Authority having been arrested here and were committed in default of bail, from the evidence before Judge Bennett was such as to warrant their commitment, but from the state of feeling got up by the trouble some further investigation is necessary and the Negroes should have a chance to get bail which they say they can do in their own county. I make this statement so that you may be aware of what has transpired the prisoners will be sent to Folsom in a day or two. Sir,

Enclosed you will find transcript of records of Courts of the Counties under your charge, seeing that you misinterpreted the application of Circular Letter of Feb. 24th Office Asst. Comm. State of Ga. I enclose a form of report required. The report must embrace the names of all freedpeople who have been murdered or assaulted with intent to murder in your three counties during the year 1867 together with the extent & nature of injuries inflicted. Name of assault and names & color of parties killing or inflicting injuries, also the instances in which said persons have been arrested by Civil Authorities and nature of punishment inflicted by said Authorities, names of them at present at large and probable whereabouts or residence.

To do this you cannot depend upon the records of the Courts as a great many cases have not been taken any notice of by them but must make inquiries of colored persons through your counties getting at all the facts and making your report as carefully as you possibly can. I see you have not reported a case of Murder in Jasper Co. of a freedman named Brown in which case the Sheriff of the County has been tried by a Military Commission for allowing the party to escape give your attention to the matter and get your report out as soon as possible.

I have the honor to report
that in obedience to endorsement of Asst Com dated
April 24 1868 I visited Jacksonville and find
that a man named Gabriel Singletary had in
the month of February been killed by J. H. Hicks
it is stated that Hicks state a cow and that
Singletary assisted him to butcher it and during
the time Hicks told him that he state it which
fact Singletary told to some others, when Hicks
hearing it said he would kill him, which he
did a few days after. I have been utterly unable
to get any sworn testimony in relation to the
matter except the enclosed deposition of Judge W. C.
Deamond and J. C. Brown Asst. Solicitor pro tem
Judge W. C. Deamond who is the father in law to
the Sheriff. S. L. Williams state that he cannot
say whether the Sheriff did his duty or not, that
Hicks was a desperate man and could not
be taken by one or two men, that he does not
know of any attempt of the Sheriff to raise a
force of men. J. C. Brown Solicitor pro tem
state that he suppose that the Sheriff did not
do his duty, as he was told by a Mr. Mills
that Hicks could be arrested in three hours
that he believe Hicks was in the County until
within a few days, but has left now. I was
unable to see Mills as he was in Savannah &
the Sheriff was also away rafting timber I con-
ferred with several of the citizens who con-
cur in the belief that Hicks has gone, but say
that no person could arrest him as he was
hid and defended by a large number of men
in the County, and presume all the examples

From the Judge down a great disinclination was evident to answer any questions relation to the matter and it seems that all parties spoken to were afraid to say anything about it, as they said they were in danger of being burnt out by his friends if they said a word calculated to assist in his capture. in fact all the obstructions were thrown in the way of my attempt to investigate the matter that was possible. I am fully convinced that the Sheriff has not done his duty, and were there in the County now he would not be arrested by him nor his deputy who is reported to be one of the same kind of men, if not one of the same party, who are in the ascendancy in the County, and elect whom they please, and good men live in fear of violence or arson at any moment, and no word is spoken of any of their depredations. The term of the Sheriff is nearly out, and he will not run again I understand, and I should respectfully recommend that he be tried by a Military Commission were it not for the almost utter impossibility of obtaining sufficient evidence to convict him.

I have the honor to report that I have visited Sandersville and have examined the case of Emeline Brown and find that Agt Smiths first decision was right and ordered it so settled. I to day forward papers with statement of the kinds of assets mentioned by Agt Smith. I find upon consultation with the freedmen that a portion of them think Agt Smith does not do them Justice but can give no instances where injustice has been done, another portion of them think he does his duty by them trying to get their acts settled if he does not succeed always, as far as I can judge by his books which show 221 cases tried he has taken an interest in the freedmen and tried to help them as much as he could as well as in the investigation of the cases I have attended to lately. I enquired of Mr. Jones the register (Clerk) who states that he has been in Agt Smiths office as he was cases lately and he appeared to be anxious to do what he could for the freedmen. I therefore do not see that Agt Smith should be relieved at present. I met some of the colored citizens once while together who were very much excited about threats that had been made I made a few remarks which I think has settled the matter as the whites as well as the blacks promise to do their best to avoid difficulty but should respectfully suggest the sending of a few men there until after the elections

General,

I have the honor to state in connection with my report forwarded on the 14th which I respectfully suggested that a few men be sent to Sandersville during the election, that I received a petition from there signed by a number of the most influential white as well as a number of colored citizens asking for a detail for that time which I returned with the endorsement that I understood men would be sent not hearing of any being sent in the General distribution I write fearing I did not lay stress enough upon my suggestion in my report the white although they will not be able to do so and are in quite a state of alarm and as I learn from an Officer who came by there since I was there, (Lt. Ingalls) are still requiring a detail because small he sent there. I did not forward the petition as I did not like the wording of it as well as thinking from information I had recd. from Officers that men were being sent to all the Election districts.

I find the facts much as Mr Loney stated them in his report of the matter. Mann it appears was very much under the influence of liquor. I do not consider Mr Loney to be in fault as he is represented as having been talking quietly. I could get very little information from any but the negroes there, as the white Citizens seemed to know very little of the matter and did not seem disposed to talk about it. The feeling against the Government is very bitter there as well as in some of the other Counties adjoining.

Sir,

In Compliance with Circular Letter from your office I have the honor to state that in Clinton Jones Co. a School of over 40 Scholars can be raised and with some aid maintained, there is a house there belonging to several colored people. it is in tolerable good order has two rooms with fire places, and will accommodate about 75 Scholars. A boarding place could be had for a teacher, if one can not be had in the County, the colored people think they can find one but have given no name as yet. In Knoxville the County from Crawford Co. the people are anxious for a School, but will not have I think more than 30 Scholars, a lot has been offered by the property owners there, as well as the Unionist to build a house (log) a log house quite comfortable could be built at a small expense, and a teacher could get board, but one from the neighborhood would be preferred. I know of none there now the people think they can raise about 20 dollars per month.

Genl,

I have the honor to forward enclosed a sworn statement of Robert Anderson a colored Preacher of the A. M. E. Church at Hawkinsville Ga. together with two letters purporting to be from the Ku Klux Klan. Mr Anderson is very much alarmed at the threats and at the same time determined to do his duty, he has appointed the second Sunday in October for the dedication of his new Church and if he is driven away of course his Church will receive a severe set back. He further states that a party of negroes there are hired by the Democrats to get all the Democratic vote possible the one who gets the most to have a reward of a new suit of clothes. They state to the Democrats that if Mr Anderson were removed they could get almost all the negroes. Hence the desire to get Anderson away. I fully agree with Mr Anderson that it will be of no use whatever for him to prosecute before the Civil Authorities, as Norman Mc Duffie is one of the most influential men in the place beside being one of the City Council, and was as signer of a petition for the removal of Robert Anderson forwarded from this office Jan 15th 1868 headed in Chas Trible, City at Law. Bros Mc Duffie is a son of Norman Mc Duffie and the same person who wounded the Schoolmaster Cole who settled the matter with him for a moral consideration.

I am of the opinion that if some action is not taken

(over)

by the Governor or the U.S. Authorities serious difficulty
will occur. I respectfully submit the enclosed for
your information and for instructions

E. A. Ware Esq.
Supt Education
State of Georgia,
Sir.

I enclose examination
paper of Am Mason applicant for teacher of a colored
School at Clinton, Jones Co, Ga. Certified to by Dr. Bowen
a citizen there who is interesting himself in getting up the
School. The blank I gave him to sign got torn. The Dr.
is a perfectly reliable gentleman, and I have asked him
to certify to the paper as I did not see Mason write it
but have no doubt he did so.

They can get the rooms spoken of at a nominal rent
and the people agree to raise 15 dollars per month for a
teacher, they are very poor, the Asst says perhaps they will
raise 20 dollars, but I do not think it safe to count on
more than 15 dollars, the teacher will work for 40 dollars, will
the bureau pay the balance, and the rent of the rooms
which will be small. I cannot say what as I have
been unable to get the parties owning it together, they
will have at least 75 Scholars, will you send me
also what books you can, if you have any Chats for
teaching small classes I should like to get some, they are
anxious to get under way, and an early answer to
this will be esteemed a favor.

Very Respectfully

I have the honor to report that on the night of Decr 1st 1868 about 10 o'clock a disguised party of visited the house of Arnold Matthews (Col) a republican of Pulaski County) at Dykesboro, and called him out; he went to the door and not opening it as soon as they wished they shot at him through the door, one ball taking effect outside the right eye, and passing through the skin for 3 inches back, and one ball through the right hand. Arnold and two others recognized two men of the party, one of whom is a Justice of the Peace, named Shaduck Graham. I attempted to bring the case before the U. S. Commissioner here, and he not having seen the recent decision, refused to issue a warrant.

In compliance with orders from your office Nov 9th 1868, I have the honor to enclose reports from a part of the Agents of this Sub Dist and to report that in Jones Co at the Clinton Precinct the Polls were not opened at all, the reasons given for it by Notary Public G. B. Brown were that the Sheriff could find no one willing to serve as Judges of Election, in consequence all the colored voters were forced to walk to Macomb to vote, or vote at other precincts of Jones Co of which latter they were not adjoined. In the City of Macomb, Authorities allowed the negroes to be very much troubled by persons challenging their votes, and at one of the Polls they were forced to swear that they had paid their tax in defiance of the Governors proclamation, the Abolitionists who came from Clinton were allowed to vote as well as those from Twiggs Co, who could not get a vote at their own Polls, as they stated on account of not having tickets, and not being able to get anyone to write them.

Bureau Refugees, Freedmen & Abolition
Office Sub Asst Comd Dist. Mason.

Respectfully forwarded. It appears that Mr Collins desired these buildings or rather their materials removed to another locality fearing that they contained infection of small pox, Lieut Barney accordingly in the name of the Bureau, consented to their removal for an indemnity of \$100.- the sum now in my possession.

However informal this action may be on part of Lieut Barney, it was done in good faith, and as Mr Collins is highly satisfied and the Bureau not a loser, I would consequently recommend that the transaction be sustained.

I would further request authority to dispose of a portion of this money in purchasing requisites for this office, which notwithstanding my earnest efforts with the Q.M. Dept is in a deplorable condition as regards furniture and certain requisites which though not in Dr M. Stores, are generally furnished by disbursements which the Q.M. at this Post will not make.

grateful for the suggestions of Col. Lewis
yet coming as he does under special
instructions, and circumstances as he must be
more than any other with the details of his
own office, he cannot but decline while he
by a decision, that, considered a Staff
Officer assumes the force of an order, and
couched in language that approaches a
reprimand.

The Office of Capt. Ward devoted
to duties, appears in a high tone of a
Protestant, and gives the undivided
attention of one Officer, while the immediate
Office of the Acty. Sub. Asst. Comd. himself,
Corresponding as it does, with the large
number of Agents of the Militia, adjutanting
cases beyond their jurisdiction, satisfying contracts,
taking charge of property, and Schools, and
endeavoring to so arrange society, as to
reconcile the Community of white and black
to their new relations, with again the greater
extension of the small force assigned for
protection, when existing others demand that
the Sub. Asst. Comd. shall personally inspect
his duties periodically.

The Bureau has already suffered, and its
business has retarded by the futile efforts of the G. S. A. C.
to this change its duties with less than the necessary force.

I have accordingly by permitted Tucker to return

I strongly recommend that the case be permitted to drop,

Apr. 14th 1866

We received the papers in reference to
the girl Catherine in regard to her son James Buchanan
I have not seen him nor had him in my possession since then
he, at which time I sent both mother and child to my son Allen
Hester in South Western Tenn. she remained there until the Spring of
1865 when she left without telling my son anything of her intent
or purpose, claiming her child entirely to the son of my son who
has been since married her in the last year. I remained in Hillsville
for months after the departure, hearing no word of her or child
there, but I now hear from her through a friend that
my son was on a visit to her a few weeks since and at that time
he had heard nothing of the mother or child she has never written
to him child there are the facts of the case

Upon investigation the Agent for this County reports that the boy Green assented to all that was done by the Judge of the County Court and was satisfied with what was done until interfered with by other parties residing in Taylor Co. his step father is working on the same farm with Green and is desirous he should remain. See Certificate of the Judge of the County Court accompanying the report as part of it. if Green is 20 years of age, and can be proven the bond will be null and void on his arrival at 21 if it can be proven that he is 20 & W. C. Cook represented him to be only 18 on proof of the fact the bond will be annulled by the Court on proof ground of fraud

Respectfully returned to Capt. T. S. Hill S. A. Commissioner B. F. & W. S. Macon Ga. whose attention is invited to the illegal and highly reprehensible manner of binding in this case as shown by the enclosed certificate from which it appears that Green knew the boy bonded was not in the presence of or consultation by the civil authority binding him, and shows that he was holding a horse at the time near the Court house and further that the word of an untried and boy was taken as to his willingness to be bound. In view of this fact it is respectfully recommended that the indenture be peremptorily annulled.

Office Bureau B. F. & A. S.

Thomaston Upson Co. Ga. Jan. 25th 1867

It is true that Warren has a father who has the right to control him under the Common Law it appears in investigation that the Judge of the County Court was governed by the provisions of the Statute of Ga. passed by the General Assembly of Ga. March 17th 1866. and with the consent and approbation of Warren. The only question is will the Bureau recognize the provisions of the statute constitutional as I presume, that as the boy has left Mr. Lewis will not put himself to any further trouble.

Respectfully returned to Capt. A. S. Hill S. A. Comer with the information that the cause of the delay in the return of these papers is that Mr. Jackson claims to not have received my communication sent him by mail respecting the same. I went to his place in person on the 24th & inst. asked to see his papers &c. He informed me that the Bay was not bonded, yet he did not feel satisfied to give him up, as he had raised him without receiving compensation for his trouble & also claims that the said applicant is only a half sister and has no right to have said child. I informed him of the substance of your endorsement and told him to take the child and appear before you when the whole matter could be settled. He also claims that you told him you would give no order for the child. He will call at your office the next.

as well as other respectable citizens that no arrest
can be made by the Civil authorities, as the gang
now has 11 persons, the great men for whom a
warrant are now in the hands of the Civil author-

will escape. They further have sworn to kill any

Dorchester Ga. September 11th 1868.

Respectfully returned to the Asst Comr. State of Ga. through Capt Ch. S.
Hall L. H. Macon Ga. with the report that neither of these attys.?
can take the test oath. The Agent at Dorchester deeming it neces-
sary to have two attys in a case of this magnitude, and finding the Asst Comr.
had employed three, and interpreting the meaning of the Civil Rights
Bill, to authorize him as agent to employ, did this, making
himself personally responsible to them for the amount of their fees;
not anticipating however that their charges would be so exorbitant.
They will be satisfied with whatever reduction the Government sees
fit to make and would refer the Asst Comr. to any regular
practitioner in Georgia, as to what the amount should be.

Citizens felt willing to accommodate me and the more but Mr Watson
at the time the key was delivered nothing was agreed on about the
price for rent, but shortly after Mr Watson called on me and men-
tioned it, I told him I did not know whether the Govt would pay
anything or not, Mr Watson said that the Capt Comdr had told him
that they always paid rent for quarters and would have signed
vouchers if he had had any with him, I then asked what he would
want for the room, he said he had always received \$15.00 per mo
for it, I thought it was too much and informed him that I would
apply for him but it must not exceed \$2.50 per mo, He furnished
me a Bill of the same, and I forwarded it with this communication

Your letter
of the 21st inst has just been received. I
fully concur with you in the opinion that
the colored woman referred to in your letter
was treated in a barbarous and inhuman manner
by the parties sent to take her back to Jones
County. They ought to have been aware that such
an exhibition of brutality would certainly lead
to a disturbance among the freed people who
now, whether in the condition of prisoners or
otherwise, are entitled to the same treatment
by officers of the law as white people. No
body could doubt that if a white woman was
taken through the streets of Macon ^{in the manner} described by
you, it would certainly lead to serious difficulties.
The bad conduct of the Sheriff and his posse

did not however afford a sufficient reason
for the freed people to attempt to rescue the
prisoner by violence. Should this be proved
upon them I have no doubt they will be
punished. I hope however the Court authorities
will take into consideration the very great
aggravation offered the freed people and
be as lenient in their judgment as the demands
of justice will permit. I am very glad
you think justice will be done in the case.
Please attend the hearing of the case, if possible
as required in Circular to from this Office and
report the result.

I have received from Lieut. Webb, Acting Ordnance Officer the Knolly Iron Works, including all the premises buildings and machinery placed there by the Confederate Authorities and which have not already been disposed of.

Lieut. Webb reserved the right to occupy the Office and retain possession of a lot of unsold Ordnance property for a time.

The order of the Hon. Secy. of the Treasury is to retain as belonging to the Government all the buildings erected and machinery placed there by the so called Confederate Government and to turn the balance over to the Freedman's Bureau including the premises, buildings, fixtures, and machinery as they stood at the time the Confederate Authorities took possession of the same.

On the 10th of
I sent you the number of destitute persons
in this County - "in actual want of food" as you
directed namely 16 twenty persons of color & nine
white people. - Not having heard from you since
I write again to apprise you, of my present
compliance with your instructions, as it appeared
that my first letter did not reach you
- If possible I hope these unfortunate people
may be supplied as soon as possible, else
some of them will certainly die of want - One has
already died since my former letter, reducing the
number now to only 19 colored persons - If a
small supply of medicine could be furnished
also it would do much good - The poor
crop of last year & the ravages of the war in
this region, has induced much suffering - too much
to be relieved by private charity - Yours respectfully

a large portion would be better in the hosp but
I do not consider it necessary to send more
than from there at present. and they will not
go without being forced to do so. in fact the

accommodation of the Freedmen's Hospital will
not allow of more being sent. The balance
can as well be subsisted when they are at present

In obedience to endorsement
dated Office Comm Bureau R. S. & A. Savannah Ga
Nov 13, 1866 I have the honor to report that I
have investigated the matter relative to trans-
portation of John Brown Bets 33 Freedpeople. it
was issued upon an order from Gen Lillien to
Dr J. B. McGarock and that Dr McGarock not wishing
for transportation for himself had the name of
~~one~~ of the Freedpeople inserted (John Brown) and
Bets who took charge of the ^{balance} ~~rest~~ as the General
is aware Dr McGarock was not speculating on
these hands and used the transportation for the
purpose of taking persons out of employment here
to his plantation in Arkansas where they would
find employment & good chances of education
that the above named John Brown only passed
~~on~~ the road in the employ of Dr McGarock and

NARA 803
and has not passed on since, and ~~there~~
that he has never taken any persons over the
road previously and paid for them, ^{I find} from an
an interview with the Treasurer of the road ^{that} Mr
White did not mean to state that John Brown
had previously paid for transportation but that
other parties had who were making a sum
of profit from the lands.

Dear Sir

Yours of Nov 8th
inst - was handed me this morning and in reply
say that Calob Sullivan had a fair trial and
was ably defended by Col James M Smith a
distinguished Lawyer of the Fifth Circuit - who
informed me after Calob's conviction that
the finding of the jury was right -

But he is now in a more unfortunate case
than that of Stealing wheels - While in jail
after his conviction - he continued to get a
box of matches & set fire to the jail - it
was burnt down - he came very near
being burnt up together with three other
prisoners - There is now a call against
him for the murder -

inclosing Transportation orders nos 1555 to 1566 have
come to hand, and I have signed and forwarded receipt
to Savannah as requested

Please write me by return mail how these
parties are to proceed after getting to Chattanooga. Times
as Transportation is only made out to that place, and
Genl Howard's order endorsed by Genl Rucker order
to the Quartermaster at Macon, Ga, with the request
that he will arrange for the Transportation to the place
of destination of each of the families, accompany
the ticket to Chattanooga. Now what I wish
to know is this, will this order of General Howard
endorsed by General Rucker pass the parties over the
Road by simply exhibiting it to the Conductors?
or is it necessary for Transportation to be made out

by some officer at Chattanooga; Please answer me
upon these points at your earliest convenience as the parties
are anxious to get off and do not understand this
matter

Captain:

I have the honor of submitting through you to Brig. Maj. Genl. Tilton the enclosed letter of Mr James H. Simms for his consideration. I would state that I have quite a number cases reported to me of the same nature as that of Mr Simms. I would therefore respectfully ask for instruction in the premises and directions as to what course I must pursue in all such cases when reported to me.

I have the honor also to state that my action in the case of Charles a Freedman vs J. J. Walton (of Macon Geo, though it was twice confirmed by yourself upon appeals taken by Walton's counsel to yourself, ^{it} is treated with utter disregard and contempt. I turned the case over (under direction of Captain Hill) to Mr Judge Cathoun of Macon City of the Term for Dist. County. I went down in person to attend to the matter. Judge Cathoun ordered the police to arrest Walton, bring him before him (Cathoun). The arrest was made but the police allowed Walton to escape. Since that time Walton has been to this County and boasted that he bribed the police (by taking them to a bar room & treating them) to turn him loose. Walton in point of fact made his escape from the police, lives in Macon yet and says he goes when he wishes which I presume is true. He says the police are his friends & that they will never take him before the Term. I would ^{not} be surprised if Walton's statement is true; & if the police of Macon are the dependance, I think it very likely, that Walton will never be brought to justice. Is there no way in which my judy decisions (or in this particular instance twice confirmed by yourself) can be enforced? Have I the right to issue an execution & levy on Walton's property to make the fine & costs of suit? If I have it will be no trouble for me to make it for he has plenty of property in this town to make it. If I have not the

right to do this, what will be the consequence?

If you desire me to arrest him, I would respectfully ask that you send me a special order to that effect, with authority to call on Capt. Hill for military assistance if necessary & I have no doubt the necessity will arise. If we can do nothing to enforce the decisions of the Juvenile it will be powerless and its Agents brought into contempt & become powerless for good. I will add that I expect to have several cases like that of Hutton, & if an order is to be the action to enforce my decisions, will I not need a special order for every case? If so will you please send me say a dozen blank orders for this purpose, & of course it will be necessary to fill the order up with the exception of the name of the person to be arrested which I will insert whenever it may be necessary.

If there has been no Commissioner appointed (under the Civil Rights Bill) for this Congressional Dist, if you can feel it consistent with your duty, I would respectfully solicit that you recommend me for that position. Should I get the appointment I would to the best of my ability faithfully & loyally discharge its duties. If necessary I can send you the certificates of lawyers, physicians, & all the intelligent portions of this County as well as Judges of Courts, as to my competency for the position I seek.

I am informed by a number of the citizens of Marion County that there is no U.S. of the Juvenile, in Marion County and they are very desirous that one should be sent there, and they request if such inconsistent with your views and wishes that Mr. J. P. McCrany be appointed. If you should decide to give him the appointment, a letter directed to "Father Taylor County" would reach him. I am happy to state that there is no Agent in Talbot County.

I have the honor to be, Sir, your obedient servant

Bureau of Refugees, Freedmen and Abandoned Lands,
OFFICE CHIEF QUARTERMASTER, STATE OF GEORGIA,

Savannah, Ga., Dec 22 1866

Captain.

Please inform me what arrangements you can make with the City or other parties in regard to land for location of hospitals. No arrangement can be made whereby the buildings will be turned over to owners of land after we cease to need them. That is an old Confederate manner of doing business.

I wish this information at once in order that recommendations can be forwarded to Washington for orders on the Quartermaster General to purchase the land. It is desirable to have the land made as soon as possible. It can be entered upon in the mean time.

Very respectfully

I have the honor
to report that I have visited Pulaski Co
Ga once from investigation since that Sam-
uel Washington and C. E. Phillips lost ^{evened} ~~some~~
mules and from evidence obtained ^{a warrant} ~~work~~
for ~~Subd~~ Winching and took him before Dr
J. Walker a Justice of the Inferior Court of that
County who ^{from the evidence since} committed him to Jail in Perry
County Co Ga. ^{to await his trial} upon the ~~shorff~~ ^{shorff} officer arriving
at Hawkinsville with the prisoner the he
found he would not be received at Perry
and got a Magistrate there to change the
road to Abbeville in Wilcox Co. (Pulaski Co
having no Jail) which was done since
the prisoner sent there. Dr Walker has since
tried & ^{committed} ~~committed~~ a white man for murder
and was not known until after that, then

NARR 882
he had no jurisdiction on such cases and
has gone to day to have Kinchin taken
out of Jail and tried over again by a
Magistrate. From all I can learn the negro
Luther has a fair trial and no action
taken of him and that Dr. Walker
who has just been elected a justice of the
Inferior Court acts in ~~good faith~~ believing
he has the authority to try the man

Sir,

Yours of the 4th Inst. received.
Dr T. F. Walker, is not a Justice of the Peace,
but was recently Elected & Commissioned, One of
the Justices of the Inferior Court of said County,
to fill a vacancy.

Mr Walker, sat upon the trial of Luke Kinchen
for Horse Stealing, and committed him to Jail.

He also just before that, tried a white man by the
name of Aida, for Murder, and committed him to Jail.

It is only within the past few days, that Mr
Walker learned that the Justices of the Inferior Court
had no jurisdiction in such cases.

The Law originally gave them jurisdiction, but by
an act of the last Legislature it was repealed, of
which he was not aware, as he had not been
furnished with a copy of the acts of our last
Legislature.

I have the honor to report the following statements as
the result of my investigation of the case.

John, the son of Judy Jarvis was bound by the ordinary
of this county to Mr W. F. Gibson of this county a few
months ago. About one year ago when W. F. Gibson ap-
plied to Judy Jarvis to let her son remain with him
this year she refused to do so and stated that she wan-
ted him with her and would send for him. John remained
at Gibsons months after month without any definite agree-
ment or understanding between the two, the latter expecting
his mother to send for him. As this did not take place
Gibson made inquiry what had become of Judy Jarvis
but could not learn ^{anything} but that she had gone to Macon some
time ago and fearing that something had happened to
her and not being willing to ~~remain~~ let matters remain
in such an uncertain shape he proposed to John to be
bound to him to which the latter consented. John is willing
to stay ^{Gibson} ~~Gibson~~ willing to give him up by being released from
his obligations.

is a disposition on the part of some of the

his negroes on frivolous pretenses, as carrying

nothing can be heard from the negro. It is

Makes the following report in regard to the supposed murder of Simon a freedman, by Mr Hendricks - States that a bench warrant had been issued for the arrest of a freedman named Simon and placed in the hands of Mr Hendricks, Bailiff, who, thro' mistake, arrested the freedman Simon & lodged him in jail - This man Simon, on the mistake being found out, was discharged. Mr Hendricks, by way of a jest, very imprudently, told some freedmen who had inquired concerning Simon, that he was killed, but he afterwards informed them correctly that he was in jail - as to the statement of Col Archer that Mr Hendricks had run away and that Simon could not be found

States that it is incorrect - that Mr Hendricks had not run away, and that Simon is now working on the plantation of Genl Croston - In regard to the inability or refusal of the civil authorities to do justice to the blacks as well as whites States that he has attended the session of the Civil Courts this year and can testify to the strict impartiality, firmness & fairness, of the Judges in the administration of the law alike to all persons. That the Civil Court have been especially lenient towards the freed people in the infliction of penalties, and that there are a number of lawyers who readily and cheerfully represent the colored people in the Courts, even against the wealthiest and most influential white citizens of the County - States that the County is as quiet and orderly as any other in the State - that there are some bad characters, black as well as white, but that

the general disposition is to conform to, and obey, the laws as they now exist.

Office Apt Bureau P 7 & A L

Perry Houston Co Ga Aug 4th 1866

Majr G. L. D. Tillson Spt Comm &c

Genl I have the honor to acknowledge the receipt of your instructions of July 25th and by leave to submit the following reports in relation thereto

A bench warrant was issued from the County Court against Simcon, (a Freedman), against whom a true bill had been found by the Grand Jury for a Murderer. This Warrant was placed in the hands of Mr. Hudspeth (not Hutches) a bailiff with instructions to arrest Simcon and bring him to trial according to law. Mr. Hudspeth, not being familiar with the hand-writing of the lawyer who drafted the bill of indictment mistook the name Simcon for Simon and thus arrested the wrong party and lodged him in Jail. So soon as the case was brought up for trial - the error was detected, and Simon was discharged.

Mr. Hudspeth very foolishly and improperly told some freedmen who inquired what had been done with Simon - in a jest that he was killed but afterwards informed them correctly that he was in Jail.

The statements of Col Archer that Mr. Hudspeth had run away and that he had searched the Jail and Simon was not there - are incorrect. Mr. Hudspeth has not run away, nor has he concealed the Man Simon was in Jail until discharged as above stated, and is now alive and at work upon the plantation of Genl Crayton. The Man Simon has the right to bring an action against Hudspeth for false imprisonment before the Courts just as any white man has and Mr. Hudspeth is able to respond for the damages, and have informed

Col Archer to that effect-

In the discharge of my duties as Agent I have been unable to give satisfaction to all the Whites or Blacks. Frequently both parties are in error sometimes one is - sometimes the other, when I decide against the Black then I am regarded as unfriendly to him, and when I decide against the white man his displeasure is incurred. Notwithstanding these matters I have striven to do Justice to all parties.

You seem to think that the civil authorities of this County are unwitting or unable to mete out Justice to all alike - from numerous reports which reach your office - I beg leave most respectfully to state - that I have attended the Sessions of all the Courts held here during this year and that no report affecting injuriously the character of our Judges for impartiality firmness and fairness in the administration of the law alike to all, can be sustained by the facts and the statements to the contrary when investigated will be found unsupported by reliable testimony.

Our Courts have been especially lenient in the imposition of penalties upon freedmen convicted of offences against the law. There are six Lawyers in this place all of whom readily and cheerfully represent the freedmen in the Courts even against the wealthiest and most influential whitemen of the County, and when unable to pay any fee, the Courts allow them to choose any attorney at the bar, and such attorney so chosen do represent them to the best of their skill and ability. If you should see fit to send some one in whom you confide here during a Session of one of our Courts to investigate these matters without

letting his business be known, you would doubtless receive a similar statement to this.

This County is about as quiet - and there is as little lawlessness as there is any where in the county while there are some discontented and bad men white as well as black. There is a general disposition to conform to and obey the laws as they now exist.

I inclose the papers referred to me with this, also a Communication from Col Archer.

I remain Most Respectfully,

Sir

I have the honor to acknowledge receipt of yours of the 7th I asked for the information ^{because} ~~for~~ the punishment as you say was imposed and only in such cases and in cases when the same punishment is not inflicted upon while for the same offences do I ever interfere if insubordination is produced by that it is the fault of the courts as I am only carrying out ^{published} ~~orders~~ but in this case your explanation is perfectly satisfactory and I shall take no further action in the matter. I hope you will see that it is not my intention to "superior & believe" all the cases tried by the civil courts but only those mentioned herein and that my course all along has been to keep down insubordination instead of inciting it

 Sir

I have the honor to acknowledge receipt of your favor of the 17th inst, which I have been notified earlier but for my illness, in which you ask for information relative to the charge upon which Jas Harrison, Harrell, was temporarily committed and ordered to leave:

He was indicted for an assault upon a lad some fourteen or fifteen years old, with a gun. The boy was the son of a widow woman, who had the father of her employee to cultivate her land. Jas Harrison, the defendant, with his father, who had counsel of his own selection, was fairly tried & acquitted, at the same time, another brother was committed for carrying a gun & escaping, the father of the Negro who was conducted their defense, and the prosecutor made an arrangement for the parties to pay cost, leave the country, if it could be done, permission was asked of me, and allowed the parties to make whatever arrangements they saw proper, I was compelled to pay them, the fine on each being more dollar, this is the whole case as it occurred before me

I have thought proper to say this much because it is not among the promises uttered by our Law to order persons out of the County, it was the arrangement of the parties, for having failed to carry out his agreement with the parties & imposed upon by false representations, if he is in your City you may say to him that if he comes within my power, I shall inflict upon the innocent promisee the same mischief we are in.

Allow me to suggest that if you undertake to supervise, and rehear all the cases that have been tried in the Civil Courts it can be used in a total insubordination by the colored people to civil authorities, and produce, a state of confusion that will be greatly detrimental, not only to them but to Society at large.

Respectfully yours

Previous to Sam Lookie visiting you. There was some dispute about an axe between some of Sam's family and Mr Roach. Sam went into Mr Roach House on Sabbath Morning and made use of very insulting language to old Mr Roach, she told him to go away and he said he would not until he had the matter settled. Mr Roach told him that was his wife he was talking to and that was his house. and that he must go out of it. He refused and said he would not go, Mr Roach then got his pistol thinking to frighten him off. and told him he would make him go. Sam put his hand in his pocket and dared him to shoot. Roach then got his horse and went to square Pitts and got a warrant, and he visited the officer with his pistol, a proposition was then made to him. to choose a man apiece, & they choose a third, and value the crop. and that he would be paid what ever they value it at. ^{and the warrant dissolved} It was valued at \$138.00 Sam refused to comply, and went to you, as soon as I recd your order, I notified the parties. and and they came to my office. My advice to Sam was to take the amount, appeared and he released from the warrant, but he still refused. He was then committed to jail under the warrant, but in a few days he gave bail for his appearance at Court. The Man who valued his crop is practical Farmers and honorable Man. Sam is represented to be, (by the neighbors) a desperate man.

Asa Corro Bureau P.D. at Moses Anderson who
after being duly sworn states that he works for William
M Drain in Marion County Ky. That the said Drain
accused him of stealing money, he denied the taking
of it. Drain said nothing further but in a day
or two after 3 men came and took him from his
house out into the woods and stripped him
and lashed him with peach tree switches six
hundred lashes at least. They then placed a rope
around his neck and threw it over a limb
and drew him up three times after which they
dropped him through the vines by the rope he
being naked, they made a black man of the
name of Isaac Drain drag him into the road
and then Mr Brooks a bricklayer living in Buena
Vista told them to whip me until they came back
when he came back he stamped on my neck
and tried to kill me after which they released
him and told him they would come and kill
him again if he did not give up the money, the
money has since been found on another party

On this twenty fifth day of September 1866 personally
appeared before me Asa Low Bureau Agent of District of Meigs - Ben Blood-
saw (col) who being duly sworn states that he worked for
James Bloodsaw ^{of Butts Co Ga} and he gave him liberty to hunt or home
and having found one and bought a wagon for my things
Bloodsaw would not allow them given up saying he would
whip him when he came and that no niggers there should
be free, and as he had whipped twice this year once 50
lashes and once 20. He did not go to him. He further swore
that if he (Ben) reported him he would kill him and
if any Yankees came to the niggers assistance they would
murder them at night and further that he refuses to pay
him his wages \$7 - per mo for 3 months work in Black
smith shop and cotton field, and that a party of men are
in the county who take the negroes out of bed at night
and whip them and that they would rather work for
nothing away, than stay in that county and get paid and
that they were to be taken away or some relief afforded
them. That the agent of the Bureau in that county on being
applied to by him for relief told him he was afraid
to assist him for fear of being bushwacked and
that he prays assistance to get his goods away and
little children and get remuneration for work done

Dear Sir,
 I have received your request,
 I have invested the cost of
 I am pleased to find that so far as I have
 been able in the short time since I received the
 papers the enclosed papers will show the result
 of that investigation, I have not been able to
 get the gentleman Mr. Gray who had the bad
 woman arrested, so as to get their affidavits as
 to the manner in which this case was settled.
 Mr. James M. Blosser the employer of David says
 to me that he now refuses to work with him
 and pay him his wages but on the contrary has
 been always been and now is willing to make
 a settlement with him so far as his share in
 any concern he is not only willing but anxious
 for him to come and take charge of the
 business Mr. Blosser assigns for not being
 willing for him to remove his things in that
 he has been seeing some of his
 Blacksmith tools and he wanted to find out
 what the man had done, as he his
 saying that if David Martin he would whip
 and if he were reported to him he would
 kill him and that if you then came to
 his relief they would be sent to death
 or might be permanently mangled for
 and without the slightest foundation.
 And as to his applying to me for relief
 and stating that I was afraid to give
 him any protection for fear of being hurt
 which is equally false I never said the man

But in my life to know him - and if there
 is any company of men in this County
 who take good property from their
 at night and whip them it is more
 than I know or believe, I and some of
 some men coming from an adjoining
 County (Hamp) and taking a good round
 out at night and whipping but for
 some scandalous reports I had heard
 circulating which I reported to you
 sometime or some last, but who the party, with
 I have been able to find out,

Emily Jane Meredith was working for part of the crop and has drawn from her employer \$90.00 cant tell what she is entitled to until the crop is gathered.

The presumption is that it will not amount to as much as her indebtedness. It was proven to my satisfaction that she refused repeatedly to obey orders and was idle and could not be induced to work as required, hence she was discharged. and from what I hear she is still loafing

Ann Hewden who worked for Dr Simmons had a settlement with Dr Simmons in my presence, he allowed her her wages up to the time of discharge, his acct for last time and medicine (which she did not dispute) was deducted and he paid her the balance in cash. I thought the Dr acted very fair with her, and paid her all she was entitled to

States that he had two children by a Colored Woman which he treated as his white family - did not wish to give them in to the Tax Collector as his property, as he did not consider them as such, has always rated his property sufficient to cover the children. - States that he was prosecuted the first & second year of the War, for not entering the childrens names on the tax books, Warrant has been issued for his arrest, but as yet he has not been arrested - The Sheriff is still after him - He understands that all old cases during the War have been thrown out of Court, but it seems that they will continue to harass him because he was a Union Man, and never went to the War, would like to be released of such a case if possible.
